

YUKON ENERGY CORPORATION

Plant Operator- Mayo

Position # 92-13

The Opportunity: Plant Operator- Mayo

Full-Time permanent bargaining unit position, based out of Mayo, Yukon.

Compensation: Level 7: \$40.32-48.14 per hour plus a Northern Allowance and Location Allowance Package.

Looking for meaningful work and a northern lifestyle? Yukon Energy is hiring a Plant Operator in Mayo to keep power generation safe, reliable, and efficient for the community and region. If you're mechanically inclined, motivated, and take pride in keeping things running, this role offers steady work, big responsibility, and the opportunity to grow your career with a trusted Yukon employer.

Who we are: Yukon Energy is the main generator and transmitter of electrical energy in the territory. Our plant facilities are on the Traditional Territory of Yukon First Nations. There are 14 First Nations in the territory, and we are proud to work within these Traditional Territories in all our business operations.

What will you do: As a vital member of the Plant Operator team, you will:

- Adheres to the Corporation's safety standards by following approved Safe Work Practices and both Worker- and Operator-Administered Protection Plans.
- Operates and monitors prime movers (including rental units) and auxiliary equipment in accordance with operational requirements.
- Conducts daily, weekly, and monthly inspections and readings on plant and rental generators and associated equipment.
- De-energizes, isolates, re-energizes, and returns plant equipment and auxiliary systems to service in accordance with established procedures.
- Performs or assists with maintenance and repair of generating units, auxiliary systems, infrastructure, and yard equipment.
- Coordinates and oversees contractors for operational support activities including building and yard maintenance, spill response, remediation, snow removal, and waste management.
- Manages plant inventory, including ordering, receiving, and tracking parts and supplies.
- Assists with or performs month-end plant readings and meter readings as required.
- Acts as the initial site contact and lead during emergency situations.

What you need to succeed:

- Knowledge at the grade 12 level plus some vocational training in light maintenance and operation of electrical generation equipment
- WHIMIS and TDG training
- Fall Arrest training
- A valid First Aid certificate.
- Several years of previous related work experience.
- Preference for relevant trade experience
- Proven history of operating electrical generation equipment.
- A valid class 5 driver's license.
- Ability to work in a team and diverse cultural environment.

Compensation: Level 7: \$40.32-48.14 per hour plus a Northern Allowance and Location Allowance Package.
