

# YUKON ENERGY CORPORATION

## Electrical Protection & Control Coordinator

### Position # 88-02

#### **The Opportunity: Electrical Protection & Control Coordinator**

Permanent, Full-Time unit position, based out of Whitehorse, Yukon.

**Who we are:** Yukon Energy is the primary generator and transmitter of electrical energy in the Yukon territory, operating within the Traditional Territories of Yukon First Nations. We take pride in our commitment to sustainability and collaboration with Indigenous communities across all our operations.

**What will you do:** As an Electrical Protection & Control Coordinator, you will be an integral part of our Electrical Maintenance team. Your role will involve providing technical expertise, design support, and project management services for capital and operational projects related to protection, control, and electrical systems. Key responsibilities include:

- Participating in the planning, design, and execution of electrical projects.
- Performing Journey-level electrician work, focusing on new equipment installations and asset rebuilding.
- Ensuring all work complies with the Canadian Electrical Code and Yukon Energy's policies and procedures.

#### **What you need to succeed:**

- A two-year diploma in Electrical Engineering Technology from an accredited post-secondary educational institution.
- Journeyman Electrician or Power System Electrician certification would be an asset.
- Proven project management experience.
- Minimum of three years' experience testing and maintaining protective relays.
- Proficient in Windows based computer applications as well as manufacturing specific software, maintenance programs, and electrical design software.
- Ability to read and work off blueprints, as well as interpret drawings, diagrams, and specifications on a variety of types of electrical and electronic equipment.
- Experience with high voltage test equipment.
- Demonstrated commitment to preventive/predictive maintenance programs.
- Team player with the ability to work with minimal supervision.
- Strong client service orientation with good interpersonal skills.
- A proven track record and commitment to safe procedures and encouraging a safe work environment.
- Strong troubleshooting skills.
- A valid class-5 driver's license and First Aid certificate as well as certification in WHIMS, TDG and rigging and hoisting.

**Compensation:** Level 9: \$49.94/hr-\$59.65/hr PLUS Northern Allowance.

**YUKON ENERGY CORPORATION**  
**Electrical Protection & Control Coordinator**  
**Position # 88-02**

**What is in it for you:**

- Northern Allowance: \$6,650 + 5% Base Pay added to Base Salary
- Comprehensive Benefit Package that begins the first day of employment
- 4 weeks of vacation leave, 4 weeks of sick leave, 40 hours of special leave
- Travel Allowances for employee and their spouse and dependent(s)
- Annual Wellness Subsidy
- Cell Phone Subsidy
- RRSP Match begins first day of employment
- Flexible work arrangements/Work From Home options
- Relocation Assistance
- Training and Development opportunities
- Opportunity to be a part of something greater and help the Yukon

**How to Apply:** To apply, submit a covering letter and resume to People & Culture via email at [hr@yec.yk.ca](mailto:hr@yec.yk.ca).

Yukon Energy values diversity in the workplace. We strive to achieve a skilled workforce that is representative of the population we serve, and we are committed to the employment and professional development of Yukon First Nations citizens. First Nations candidates are encouraged to self-declare.
