What will you do: As a member of the Operations team, you will:

- Safely operate Yukon Energy's diesel and natural gas generating units and their auxiliary equipment.
- Monitor plant operations and respond to system disturbances and seasonal operating changes.
- Maintain compliance with corporate policies and safety standards while supporting the safe and efficient operation of Yukon Energy's generating facilities.

What you need to succeed:

- Preference for 4th Class Power Engineering Certificate or relevant trade experience.
- Knowledge at the grade 12 level plus some vocational training in light maintenance and operation of electrical generation equipment
- Several years of previous related work experience.
- Forklift training
- LNG specific training (cryogenic properties and hazards)
- Proven history of operating electrical generation equipment
- A valid class 5 driver's license.
- A valid First Aid certificate.
- WHIMIS and TDG training
- Fall Arrest training
- Confined space certificate
- Knowledge of Windows based computer software applications.
- Ability to work in a team and cross-cultural environment.
- A proven track record and commitment to safe procedures and encouraging a safe work environment.

What is in it for you:

- Competitive Pay: Level 7: \$40.32/hr-\$48.14/hr
- Northern Allowance: \$7,000 + 5% Base Pay added to Base Salary
- Comprehensive Benefit Package that begins the first day of employment
- Annual Wellness Subsidy
- Cell Phone Subsidy
- Training and Development opportunities
- Opportunity to be part of something bigger by helping power communities across the Yukon.
