**RIDER A**  
**MULTIPLE RESIDENCE SERVICE**

**AVAILABLE:** Throughout the Company's service area.

**APPLICABLE:** To residential customers living in single detached family dwellings whose service covers the needs of more than a single household. Not applicable to apartments of multiple dwelling facilities.

**RATE:** Charges for service will normally be billed at the appropriate general service rate schedule. For existing multiple residences currently served through one meter, service may be rendered under the appropriate residential rate schedule, with the minimum charge and the kilowatt-hours included in each rate block multiplied by the number of dwelling units included in customer's premises.
