**Re: Quarterly Adjustment to Secondary Sales Rates as of October 1, 2020**

Pursuant to Rate Schedule 32 Secondary Energy (as approved in Board Order 2005-12), the following sets out the quarterly adjustment to the Secondary Energy rate effective for consumption on or after October 1, 2020.

***October 1, 2020 Rate Determination***

As outlined in Rate Schedule 32, the Secondary Energy rate for October 1, 2020 is based on the published Yukon Territorial Government – Bureau of Statistics biweekly price for Furnace Oil in Whitehorse for the three reporting periods prior to the 20<sup>th</sup> day of August 2020. The lowest value of the three (net of GST) is the “Oil Price Index”. The three reported values (including GST) are as follows:

July 15, 2020	=	\$ 1.076 /litre
July 29, 2020	=	\$ 1.082 /litre
August 12, 2020	=	\$ 1.076 /litre

Consequently the Oil Price Index for the October 1, 2020 rate is 102.48 cents/litre (the August 12, 2020 value of 107.60 cents/litre less the GST included in that value). An Oil Price Index of 102.48 cents/litre equals a Secondary Energy price of 7.2 cents/kWh (compared to the July 1, 2020 revised price of 6.7 cents/kWh) and results in a Rate Schedule 43 Wholesale Secondary energy price of 6.1 cents/kWh (compared to the July 1, 2020 revised price of 5.6 cents/kWh).

	<b>July 1 Rate</b>	<b>Increase</b>	<b>October 1 Rate</b>
<b>Secondary Energy</b>	6.7 cents/kWh	0.5 cents/kWh	7.2 cents/kWh
<b>Wholesale Secondary Energy</b>	5.6 cents/kWh	0.5 cents/kWh	6.1 cents/kWh

***Notification of Interested Parties***

Rate Schedule 32 provides that the Secondary Energy Charge is to be filed with the Board at least 30 days in advance of the Rate Period. As with past notifications regarding the rate change, Yukon Energy is providing notice to ATCO Electric Yukon (AEY) at the same time as this notice is sent to the Board. The updated Rate Schedule 32 rate sheet will also be posted on Yukon Energy’s website. Secondary Retail customers will be notified by a billing advisory message on their monthly bill when their retail account is actively in service.

***Current Status of Secondary Sales***

Although recent inflows have increased reservoir levels, YEC is not forecasting any secondary sales availability for non-SCADA connected customers this year due to a lack of surplus hydro.

Sincerely,

Ed Mollard  
Chief Financial Officer
