Attention: Ms. Lesley McCullough, Chair

**Re: Quarterly Adjustment to Secondary Sales Rate effective October 1, 2026**

---

Pursuant to Rate Schedule 32 Secondary Energy (as approved in Board Order 2005-12), the following sets out the quarterly adjustment to the Secondary Energy rate effective for consumption on or after October 1, 2026.

***Rate Determination***

As outlined in Rate Schedule 32, the Secondary Energy rate for October 1, 2026 is based on the Yukon Bureau of Statistics biweekly price for Furnace Oil in Whitehorse for the three reporting periods prior to the 20th day of August 2026. The lowest value of the three (net of GST) is the "Oil Price Index" for rate determination. The three reported values (including GST) are as follows:

July 22, 2026 = \$2.023 /litre  
August 5, 2026 = \$2.097 /litre  
August 19, 2026 = \$2.196 /litre

The lowest price for those three periods is \$2.023/litre or \$1.927/litre excluding GST which is equal to a Secondary Energy rate of 13.4 cents/kWh (no change from the July 1, 2026 rate of 13.4 cents/kWh) and results in a Rate Schedule 43 Wholesale Secondary energy rate of 12.3 cents/kWh (no change from the July 1, 2026 rate of 12.3 cents/kWh).

|                            | July 1, 2026 Rate | Change      | Oct 1, 2026 Rate |
|----------------------------|-------------------|-------------|------------------|
| Secondary Energy           | 13.4 cents/kWh    | 0 cents/kWh | 13.4 cents/kWh   |
| Wholesale Secondary Energy | 12.3 cents/kWh    | 0 cents/kWh | 12.3 cents/kWh   |

***Notification of Interested Parties***

Rate Schedule 32 provides that the Secondary Energy Charge is to be filed with the Board at least 30 days in advance of the Rate Period. As with past notifications regarding the rate change, Yukon Energy is providing notice to ATCO Electric Yukon (AEY) at the same time as this notice is sent to the Board.

Currently, the secondary sales are off.

Yours truly,
